My mission and goal is simple: to make my clients feel like the most beautiful and confident version of themselves. I believe in enhancing your natural features rather than transforming you into someone else. Each individual possesses unique beauty. My approach focuses on accentuating those features that make you shine. When you step into a room after experiencing my makeup artistry, I want people to give you a double-take, not because they can't recognize you, but because of how incredibly fantastic you look as your authentic self!

-Danielle

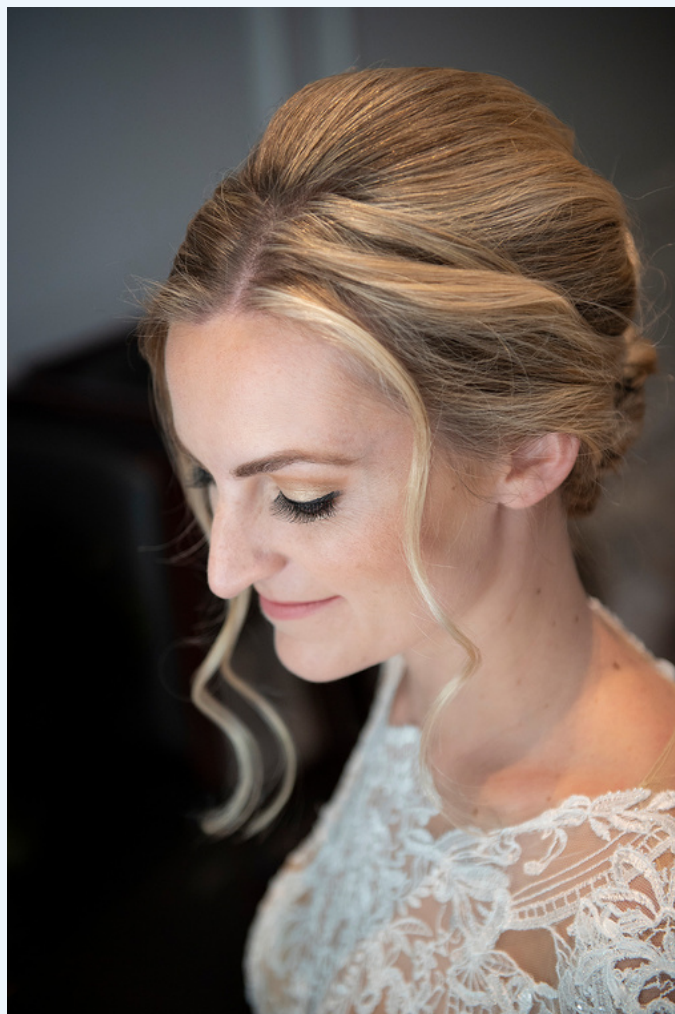

WHAT *to expect*

The morning of your wedding should be a time you never forget and I hope to make it even more special for you. While you are sipping bubbly and sharing moments with your tribe, I will make sure you are being pampered and feeling your best. I will arrive 20-30 minutes early to set up. You don't need to worry...I will have my table, chair, lighting, and full kit. I will ensure you are ready when the photographer arrives to get those final touch-up shots. Once you are dressed and your makeup is perfected, I will say goodbye, unless you have chosen extended-day services.

HOW *we get there*

Choosing your makeup artist is a big decision. You are trusting that artist with your most photographed look—something that will hang in your home for decades to come. I do not take these things lightly. As someone who has been a bride, I understand the trust that you are putting in me. I pride myself on being professional and punctual, with a kind, calming presence. I love the art of makeup and feel truly honored and privileged to be a part of your experience.

I am sure you have noticed in your research that there are many ways professional makeup artists price themselves, and my goal is to always be transparent. Choosing me is an investment in my experience, expertise, education, and the elevated service I provide. Using only the highest quality, professional products made for the intensity of today's cameras and to maintain longevity, I will execute the look that will last past that final twirl on the dance floor.
